FEBRUARY

PREMISES IDENTIFICATION

The Minnesota State Fire Code Section 505.1 requires address numbers on all building, new and existing to be visible from the street.

The Garfield Fire and Rescue and First Responders highly encourages installing house numbers so that they are visible on your home from the street to prevent delay in emergency care for all responding personnel. We also recommend, if possible, to turn on all outdoor lights at the time of a 911 call and unlock doors for easier locating and access to home during emergencies.

This is also helpful for home service work and delivery services such as UPS and Fed Ex to your home.
